Criteria for purchasing inactive (uniformed) military service that interrupted teaching

Complete this application only if you meet **all four** of the criteria below. If you do not meet one or more of the criteria below, do not complete the application; the service does not qualify as "inactive military service" under the Defined Benefit Plan.

1. You left regular employment with an STRS Ohio employer to enter inactive military service. (Substitute teaching is **not** "regular employment.")
2. You entered inactive military service within five months of leaving STRS Ohio-covered employment and returned to the same employer within three months of leaving inactive service.
3. The inactive military service interrupted your normal teaching contract. (For example, a nine-month contract is not interrupted if inactive military service occurred in the summer.)
4. You earned less than one full year of service credit in any STRS Ohio fiscal year interrupted by your inactive military service.

If you meet all four of the criteria, you will need to submit the appropriate documentation to certify the service **showing dates of inactive military service**. (Please see *Certification Form Instructions*.) If you are eligible, we will contact your employer to verify earnings and that the inactive military service interrupted your Ohio public teaching.

"Inactive (uniformed) service" is defined as:

- Regular service; inactive, active or initial duty training; or reserve service with the Army, Navy, Air Force, Marine Corps or Coast Guard (DD-214 military separation form or NA Form 13038 needed if service was regular);
- Service with the:
 - National Guard;
 - Commissioned Corps of the United States Public Health Service;
 - Red Cross as a nurse with the Army, Navy, Air Force or hospital service of the United States, Army Nurse Corps or Navy Nurse Corps;
 - American Red Cross (full time only) in a combat zone;
- Any other category of service designated by the president in time of war or emergency; or
- Absence due to an examination to determine fitness for uniformed service.

The maximum service credit purchasable for inactive military service is five years. This service cannot be used under any other retirement program except Social Security or retired pay for nonregular service (under Chapter 1223, Section 1662, Title XVI of the "National Defense Authorization Act for Fiscal Year 1995," 108 Stat. 2998 (1994), 10 U.S.C.A. 12731 to 12739).
